Many mod websites offer up-to-date versions of the Call of Duty: Modern Warfare 3 (MW3) hack, but if you'd like to make your own hack then I've got some tips on how to do it. "David alexandre", alex, "sutherland, david", "Vancouver, alex",, "other, david",, "are you writing any kind of error message? to be honest, i was kinda expecting one when it failed because of those various question marks throughout the file",, "i've been trying for 20 minutes and i've had no luck figuring out why it's not working",, "so i'm guessing it's not a mod menu.bmp or something along those lines",, "anyway, if you need help or something, give me a shout, i'd be happy to help",, "sorry for the late reply, got home late and didn't

want to log on earlier to check on you if i didn't have to, thanks for offering though",, "and if you figure out what's going on, i'd love to know, too",, "from what it looks like it's an actual installable menu. if you know of a way to make it.bmp, please tell me! i'll try something different then",, "thanks for the help",, "I'm not a modder but am looking forward to the modding opportunities in the game",, "thanks for the help, i've been doing some googling myself and from what i've read, both of the above links should work to create a menu",, "you're welcome",, "i'm going to read the wiki for the manuel as well",, "it would be helpful if you could come up with a new menu that doesn't crash, and come back to it later to help me",, "what kind of error message are you getting?",, "try changing the path for the.bmp in the modding.edp

to just the menu names.",, "you can get the example.bmp off the youtube tutorial that's linked on the official Call of Duty website.",, "what are you using for your dvd drive? are you also trying to use mods or is it just the one menu file?",, "also, consider using an online drive. For example, mediafire, rapidshare, yola.",, "i know you don't want to do f988f36e3a
